Steven Robbins, President
Tiger Leasing
157 Chambers Street, 10th Floor
New York, NY 10007

Dear Steve:

As you remember, we first met when you were with Wasco, some time ago. Before we met, SBLM had been leasing computer equipment elsewhere, with some problems, and it was like a breath of fresh air to encounter your professional and up front attitude. You inspired confidence and followed through on your promises.

Since then we have had numerous leases with you, even reaching the point of paying off many of them. A thing to be enjoyed. You have certainly helped our company acquire the equipment we needed.

You respond quickly, are flexible in dealing with changes that occur in the buying process and the rates you offer are competitive.

It has been and will be a real pleasure to do business with you and Tiger Leasing.

Cordially,
